

THE FIXED-UP-ONE ROUTINE FOR WEAK SYLLABLE DELETION

Silently tap the syllables when you say these words correctly, keeping the first syllable weak (comPUter, toMATo, mosQUito, etc)

<p><b>computer</b></p> 	<p><b>tomato</b></p> 	<p><b>mosquito</b></p> 
<p>Say to your child, "If I said 'puter' instead of 'computer' I'd have to think to myself, no, not 'puter'. It's 'computer'. I would need to fix it up by saying 'computer'".</p>	<p>"This is a tomato, isn't it? A tomato. But if I said 'mato', I would need to quickly correct myself and put the first bit in. I would have to say 'tomato'".</p>	<p>"If I said 'keetoe' instead of 'mosquito' what would I have to do? I'd have to ..."</p>
<p><b>banana</b></p> 	<p><b>potato</b></p> 	<p><b>spaghetti</b></p> 
<p>"It's not 'nana' is it? If I say 'nana' I have to quickly remind myself to fix it up and put the first bit in. It is supposed to be 'banana'".</p>	<p>"What about 'tato'? Would I need to fix it up if I said 'tato'?"</p>	<p>"There's getti on this fork. GETTI? Uh oh! I need to do a ..."</p>
<p><b>Australia</b></p> 	<p><b>injection</b></p> 	<p><b>important, controller</b></p> 
<p>"Is it 'stralia'? No, I missed out the first bit. I need to fix it up and say 'Australia'".</p>	<p>"If I said I was having a 'jection' what would I have to do? I would have to do a ..."</p>	<p>"Does this sound right to you? Sir Topham and Lady Hat are very 'portant' He is the Fat Troler". What should I do about 'portant'? Do I need to fix up 'Fat Troller'?"</p>
